

Neuragen

5 mL (15 mL)

Topical Oil

NPN 80039462

RECOMMENDED USES:

Used for the symptomatic relief of peripheral neuropathic pain. Symptoms include: shooting pain, burning pain, throbbing pain and stabbing pain.

DURATION OF USE:

Consult a health care practitioner for use beyond 7 days.

DIRECTIONS FOR USE:

Adults: Apply a small amount to the affected area, up to 4 times daily. Rub and/or massage into skin until solution vanishes. Do not apply to more than 10% of the body surface area or to wounds or damaged skin. Do not tightly bandage. Do not apply with external heat, such as an electric heating pad, as this may result in excessive skin irritation or skin burn.

MEDICINAL INGREDIENTS:

Lavandula angustifolia (Lavender Essential Oil) (flowering herb).....	28.29% v/v

Rhus toxicodendron (Poison Ivy) (leaf).....	12C
Secale cornutum (Rye ergot) (sclerotium of the fungus).....	12C

NON-MEDICINAL INGREDIENT:

Ethyl alcohol

CAUTIONS AND WARNINGS:

For external use only. Do not use if pregnant or breastfeeding. If you have broken, irritated, or sensitive skin, or if you have decreased sensation and/or numbness in the extremities, or if you have a history of eczema, atopy, anaphylaxis or unusual skin reactions, do not use this product. If you have epilepsy or asthma, contact a health care practitioner prior to use. If you experience nausea, dizziness, headache or an allergic reaction (e.g. skin rash, irritation or dermatitis), discontinue use. Discontinue use and consult a health care practitioner if symptoms persist and/or worsen after 7 days or re-occur within a few days. Avoid contact with eyes and mucous membranes; if this happens, rinse thoroughly with water. Do not expose the applied area(s) to the sun for 24 to 48 hours after application. Keep away from children. If ingested by a child, seek urgent medical attention. If overdose or accidental ingestion occurs, call a Poison Control Center immediately. Shooting and burning pain in the toes and hands can be signs of diabetic neuropathy. See a health care practitioner on a regular basis if you are diabetic, or suspect you are diabetic. Has a strong floral aroma.
